

MUNICH AND BERLIN

GERMAN INTERNSHIP

Programme Description

For students who want to gain work experience in Germany we offer a programme consisting of two parts:

1. First a language course with a minimum duration of 4 weeks,
2. Afterwards a work placement/internship with a recommended duration of **3 months or more**.

A work placement is a qualified occupation in a field where the students have got previous knowledge and it is normally not paid. The students are under the guidance of a professional and have the chance to improve their skills. That can be in a translation bureau, at a lawyer, a designer or a commercial radio station. It depends on the previous training the students have got.

Requirements

- Course duration: minimum 4 weeks
- EU or Swiss citizenship

Procedure

With the enrolment for the programme the students have to do the German placement test in order to find out whether their language level is sufficient. Beside this the students have to submit the following documents:

- a tabulated CV with photo
- detailed information on educational career
- work experience
- school/university diploma
- all certificates of employment.

During the language course we **organise up to 5 interviews**. We recommend the students to stay at least 3 months at a work placement because most of the companies do not accept employees or trainees staying less time.
