Russian Language Course + Volunteer Program

Programme Description

Working abroad has become extremely popular in recent years not only because these exciting assignments represent the experience of a lifetime. Young people are increasingly looking at work abroad options for a number of very practical reasons, which go beyond the obvious fact that working abroad looks good on any CV.

Students choose Work Experience because they want to

- do something meaningful in a gap year
- explore career options
- develop social competence skills
- acquire proficient language skills
- immerse in a different culture

Our **Russian partner school** is one of the first organisations to offer meaningful study and work programmes in Russia. Our aim is to give students a unique insight into the Russian daily life of our times. Although the assignments we offer are all supervised by our partner school, the experience inside our host organisations will be very authentic. For legal reasons, most work experience assignments in Russia are **unpaid**.

A Volunteer Programme is a temporary, supervised, practical training in which a person voluntarily carries out a task which has social, environmental or cultural relevance.

English Teaching Assignments

Occasionally, our Russian partner school offers paid and unpaid assignments for Teachers of English:
Kindergarden in Moscow: English Language Teacher (paid)

* Please check with our booking office for a full list of currently available work experience offers.

Requirements

- **The minimum age for volunteer work is 18.**
- **Minimum level of Russian at the start of the Volunteer:** The student's level of Russian needs to be at least at a good Elementary level (A2). Our partner school will evaluate applicant's level during telephone or Skype conversation.

Please be reminded that all work-experience programmes include either a group language course of at least 2 weeks. This course needs to be completed before your work experience can start. It is therefore necessary that you fill out two booking forms:

- **booking form language courses**
- **work placement application form**

We further require from you:

- **CV (with 1 recent photo) & a Cover Letter (both in Russian and English)**

Procedure for Work-Experience Students

While the language skills required differ for the various jobs, we do ask you to apply for work experience only if your level on arrival in Russia is at least A2.

Our Russian partner school will confirm reception of the documents and your registration to the programme 72 hours after having received them. A work placement confirmation is sent as soon as we receive the confirmation from the host company/organisation. (6 weeks before the arrival date at the latest). The work placement confirmation is comprised of two documents: a Letter of Acceptance and a Placement Description Form.

Booking deadlines

For all short-term courses (up to 4 weeks) the booking deadline is 3 weeks. For all long-term courses (5 weeks and more) and all work experience programmes, bookings should reach us at least 8 weeks prior to arrival. This will ensure that all students receive their visa on time.

Change of programme

The school reserves the right to change the programme in an appropriate way in case of riots, strikes, war or other events of force majeure... The language centres cannot be held responsible for changes occurring as a result of these events.

Change of workplace (for work experience students)

Once the work placement has been confirmed according to the requirements and profile of the participant and of the host Company/Organisation, no programme changes can be made.

Visa Information

Please be aware that visa applications are necessary for almost all foreigners.

Our partner school provides invitation letters for a tourist visa for all students studying up to 4 weeks. A tourist visa is only valid for a single entry and a maximum stay of 30 days. For students wishing to stay longer than 4 weeks a student visa needs to be issued. In this case there is a difference between proprietors of a passport from 'Schengen' countries and others. None '**Schengen**' **passport** holders will get an invitation letter issued by the Russian Ministry of Interior Affairs. This procedure takes at least one month. For all 'Schengen' passport holders, our partner school is alleged to issue an invitation letter, which allows issuing of the visa at short notice.

We need the following documents and information about the student to file the student letter of invitation:

- Clear passport copy with all relevant personal data (full name and first name, date and place of birth, nationality), passport number, passport issue and expiry dates, issuing authority and place of issue, any prolongation remarks. We need the copy either by fax or scanned and sent by e-mail. Please note that the passport must remain valid for six months beyond the Russian visa expiry date.
- Exact length of stay (allow for some extra-days).
- Place of application for the visa (city, country)
- Permanent home address, phone/fax number
- Place of work/study; job title, position, exact address of work or study, contact phone/fax

Long-term student visa: For students wishing to study more than 3 months (90 days) we will simply prolong the short-term student visa in Russia.

Visa registration

The school must register all students within three days after arrival at the local office of the Ministry of the Interior. Registration of a visa normally takes two working days. We always hand out passport and visa copies during the registration process. Students can use these copies as valid documents while changing money, traveller's cheques (at some places), etc. Visa registration costs are included in the enrolment fee and payable together with the course and accommodation fees.

It is the student's responsibility to arrive at the school upon the correct visa.
