

BARCELONA, SPAIN

SPANISH PAID WORK PLACEMENT ASSISTANCE

Description of the programme

This programme offers a **unique opportunity** to do an Intensive Spanish Program **during 6 or 12 weeks and to have the wonderful opportunity to discover and enter the Spanish work market.** Students will gain not only valuable work experience, but will also explore a particular field from a cross-cultural perspective in Spain.

The programme combines an Intensive Group course with sessions designed to help students find work. Students are given help preparing a CV and a letter of presentation in Spanish; they're provided with information on where to find work and we also organise interviews for them with work placement agencies. Pay and conditions of employment vary from company to company. Please note that we cannot guarantee job placement as this will depend on the candidate's interviews with the employment agency.
